# Granville Public Library

217 E. Broadway | Granville, Ohio | 740-587-0196 | [www.GranvilleLibrary.org](http://www.GranvilleLibrary.org)

Mar | Apr 2018

## Central Library Consortium Benefits

**What's in it for you?** As we've shared over the last few months, the Granville Public Library is migrating to the Central Library Consortium (CLC), joining a network of large public libraries including the Columbus Metropolitan Library, Worthington, Bexley, and others. Also included will be access to OhioLink's academic library consortium and SearchOhio's consortium of over 140 public libraries. Patrons will be able to search from over 5 million items!

**Check out these changes.** Beyond being able to choose from a larger catalog of items, there are many other benefits to Granville Library patrons. Most materials will have checkout periods of 28 days instead of the previous 21 days. Materials will also auto-renew up to 3 times unless there is a hold on the item from another library patron.

**Hold it! Anything else?** Placing holds means having to wait while materials are shuttled between locations. Six days of deliveries from CLC means that wait times are shortened and patrons will get their hands on materials sooner.

We're excited for the benefits that joining CLC will bring and we hope you are too. It's a new season of change that will let our library grow!
